UNIVERSITY COURSE PROJECTS

2026 Effie Collegiate U.S. Competition

Los Angeles, CA

Semi-Finalist, UNA-USA Brand Challenge

Spring 2026

- Selected as 1 of 6 teams nationally to advance to the 2026 Effie Collegiate semi-finals; developed integrated campaign praised by industry jurors as "professional agency" quality

Wyndo

Los Angeles, CA

ISBA 4797 Capstone Project

January 2026 – May 2026

- Identified GA4 event tracking touchpoints across the reservation funnel for wyndoshop.com; configured pageview and session tracking and automated conversion alerts
- Built Looker Studio dashboard integrated with Google Ads to track campaign conversions and ROI; presented insights at ISBA 4797 Capstone Showcase
- Configured Google Ads dashboard with weekly automated email delivery in Looker Studio; authored stakeholder reporting guide and analytics documentation for cross-functional agile team

Google Trends Analytics Pipeline

Los Angeles, CA

ISBA 4715 Analytics Engineering

January 2026 – May 2026

- Built end-to-end pipeline (Python pytrends API → Snowflake → dbt star schema → Streamlit dashboard) to track Google Trends search demand for financial product keywords, enabling campaign performance analysis
- Automated daily data extraction via GitHub Actions; ensured data accuracy across raw, staging, and mart layers using dbt tests; maintained data integrity across all reporting tables
- Built queryable knowledge base (15+ scraped sources) synthesized with Claude Code; designed ERD and data pipeline diagram to communicate architecture to stakeholders

PROFESSIONAL EXPERIENCE

Amazon

Ontario, CA

Area Manager Intern

June 2025 – August 2025

- Analyzed daily operational KPIs to identify process improvements, increasing SIOC packing efficiency by 47.51% across the largest Amazon warehouse in the U.S.
- Managed daily performance reporting for 40–60 associates, communicating productivity and quality metrics to shift managers; launched recognition program improving associate retention across all departments

Plante Moran

Chicago, IL

Tax Intern

June 2024 – July 2024

- Prepared Form 990 and 1099 returns in Excel; ensured data accuracy and integrity across filings using lookups and data validation to meet GAAP reporting standards
- Presented personal and professional growth summary to 40+ partners and staff; applied attention to detail in client-facing financial deliverables across tax season engagements
